The once cancer-stricken mother lives in the basement, the father is married to the mother's former nurse, the little half-brother isn't allowed to do or eat anything fun, and the eldest siblings are irritatingly perfect. Then, there's Merit. Merit Voss collects trophies she hasn't earned and secrets her family forces her to keep. While browsing the local antiques shop for her next trophy, she finds Sagan. His wit and unapologetic idealism disarm and spark renewed life into her—until she discovers that he's completely unavailable. Merit retreats deeper into herself, watching her family from the sidelines, when she learns a secret that no trophy in the world can fix. Fed up with the lies, Merit decides to shatter the happy family illusion that she's never been a part of before leaving them behind for good. When her escape plan fails, Merit is forced to deal with the staggering consequences of telling the truth and losing the one boy she loves. Poignant and powerful, *Without Merit* explores the layers of lies that tie a family together and the power of love and truth.

Winnie considers them more like casual, distant acquaintances who find each other barely tolerable, especially when he's being condescending (which is all the time). The truth is, they have nothing in common. She's a public school science teacher with stars in her eyes, and he's a pretentious, joyless double PhD turned world-famous bestselling fiction author. She loves sharing her passion for promulgating women in STEM careers and building community via social media, and he eschews all socialization, virtual or otherwise. She's looking for a side hustle to help pay down a mountain of student debt, and his financial portfolio is the stuff of fiduciary wet dreams. So why are they faking a #bestfriend relationship for millions of online spectators? verity colleen hoover: It Ends with Us Colleen Hoover, 2020-07-28 In this “brave and heartbreaking novel that digs its claws into you and doesn’t let go, long after you’ve finished it” (Anna Todd, New York Times bestselling author) from the #1 New York Times bestselling author of *All Your Perfects*, a workaholic with a too-good-to-be-true romance can’t stop thinking about her first love. Lily hasn’t always had it easy, but that’s never stopped her from working hard for the life she wants. She’s come a long way from the small town where she grew up—she graduated from college, moved to Boston, and started her own business. And when she feels a spark with a gorgeous neurosurgeon named Ryle Kincaid, everything in Lily’s life seems too good to be true. Ryle is assertive, stubborn, maybe even a little arrogant. He’s also sensitive, brilliant, and has a total soft spot for Lily. And the way he looks in scrubs certainly doesn’t hurt. Lily can’t get him out of her head. But Ryle’s complete aversion to relationships is disturbing. Even as Lily finds herself becoming the exception to his “no dating” rule, she can’t help but wonder what made him that way in the first place. As questions about her new relationship overwhelm her, so do thoughts of Atlas Corrigan—her first love and a link to the past she left behind. He was her kindred spirit, her protector. When Atlas suddenly reappears, everything Lily has built with Ryle is threatened. An honest, evocative, and tender novel, *It Ends with Us* is “a glorious and touching read, a forever keeper. The kind of book that gets handed down” (USA TODAY).

verity colleen hoover: *Thirst* Mahmoud Dowlatabadi, 2015-04-15 *Thirst* is the latest novel translated into English by award-winning novelist Mahmoud Dowlatabadi. Following the critical success of his acclaimed 2013 novel *The Colonel*, for which he won the Jan Michalski Prize for Literature, *Thirst* is profound, humane and mischievous in its humour, shining a light on the madness and the absurdity of a brutal war. On a strategic hill overlooking the frontier, Iraqi and Iranian troops battle for access to a water tank. The troops are delirious with thirst and on the brink of madness. They are, moreover, characters in a novel being written by an Iraqi journalist. That is, if he is given the chance to write it, a chance denied him by an Iraqi major who is in charge of a military prison and who commands the journalist to write a fictitious report about a murder in the camp aimed at demoralising the enemy soldiers. At the same time, on the other side of the border, an Iranian author writes the story of the same troop of soldiers but from an Iranian perspective. He, likewise, is interrupted, not by external forces, but by memories of his first encounter with a gun... Told in a kaleidoscopic style that weaves between the ongoing battle and the struggles of the writer, *Thirst* is rich with dark humour and surreal images. The emphasis on maintaining humanity and individual identity in the midst of a dehumanising conflict shows, once again, why Mahmoud Dowlatabadi is the most important Iranian novelist writing today.
