Sara Tantlinger's *To Be Devoured* capitalizes on our macabre preoccupation with the uglier side of nature, with love that topples into obsession, and with madness that is strangely beautiful in its barbarity. Her writing is equivalent to those unremitting avian beings her protagonist is so enamored of: It will hook its talons through your flesh, sink its neck into the ribboned edges of your wounds, and only relinquish your blighted body when it has swallowed your very soul. -Christa Carmen, author of *Something Borrowed, Something Blood-Soaked*, winner of the Indie Horror Book Awards for Best Debut Collection

Vultures, obsession, and an unnatural hunger: What more can you want in a horror story? With *To Be Devoured*, Sara Tantlinger has done it again as she ratchets up the terror in wonderfully surprising ways while crafting prose that's always a heady blend of the vicious and the vibrant.
