All of these stories could easily serve as the foundation for novels while also working beautifully at their current length. These well-crafted narratives defiantly refuse to fade from memory long after the last word has been read. —Publishers Weekly, starred review In five beautifully crafted stories, Cooney builds imaginary worlds full of flying carpets, fairy-tale characters, and children confronted with a postapocalyptic Earth ... Each tale packs in enough plot for a novel, with adventurous characters who brim with wit. —Library Journal, starred review Writing without ostentation and featuring characters who may be flippant, terse, or even tongue-tied, Cooney produces memorable prose propelled by extraordinary ideas ... the trumpet of the swan: Chrysalis Kim Todd, 2013-09-16 Before Darwin, before Audubon, there was Maria Sibylla Merian. An artist turned naturalist known for her botanical illustrations, Merian was born just sixteen years after Galileo proclaimed that the earth orbited the sun. But at the age of fifty, she sailed from Europe to the New World on a solo scientific expedition to study insect metamorphosis—an unheard-of journey for any naturalist at that time, much less a woman. When she returned, she produced a book that secured her reputation, only to have it savaged in the nineteenth century by scientists who disdained the work of “amateurs.” Exquisitely written and illustrated, *Chrysalis* takes us from golden-age Amsterdam to the Surinam tropics to modern laboratories where Merian’s insights fuel a new branch of biology. Kim Todd brings to life a seventeenth-century woman whose boldness and vision would still be exceptional today.

the trumpet of the swan: *The Best of Archy and Mehitabel* Don Marquis, 2012-11-14 A selection of the best of the hilarious free-verse poems by the irreverent cockroach poet Archy and his alley-cat pal Mehitabel. Don Marquis’s famous fictional insect appeared in his newspaper columns from 1916 into the 1930s, and he has delighted generations of readers ever since. A poet in a former life, Archy was reincarnated as a bug who expresses himself by diving headfirst onto a typewriter. His sidekick Mehitabel is a streetwise feline who claims to have been Cleopatra in a previous life. As E. B. White wrote in his now-classic introduction, the Archy poems “contain cosmic reverberations along with high comedy” and have “the jewel-like perfection of poetry.” Adorned with George Herriman’s whimsical illustrations and including White’s introduction, our Pocket Poets selection—the only hardcover Archy and Mehitabel in print—is a beautiful volume, and perfectly sized for its tiny hero.
