this is outside of Cara's comfort zone, from the meddling producers to the camera-hungry contestants, especially as Cara and her mother begin to clash on which suitors are worth keeping around. And then comes Connor. As the son of a contestant, Connor is decidedly off-limits. Except that he doesn't fit in with the cutthroat atmosphere in all the same ways as Cara, and she can't get him out of her head. Now Cara must juggle her growing feelings while dodging the cameras and helping her mom pick a bachelor they both love, or else risk fracturing their family even more for the sake of ratings. Maybe there's a reason most people don't date on TV.

The life of Abhayraj, the heir of Maharaj Hiroji, the ruler of the princely state of Begwad, is not unlike that of many young princes caught between two worlds—indeed, two eras. On the one hand are the traditions of the feudal, close-knit community ruled by his father that he is bound to follow, and on the other the pressures of independence as British dominion over begins to wane. Seeking a path of his own, Abhay joins the Indian army and fights in the Burma campaign during World War II. On his return, however, he is forced into a conventional marriage, and after his father’s dramatic death becomes the Maharaja, to rule for just forty-nine days before he is compelled to merge his state with free India in 1948. Hailed as an unusual historical saga at the time of its release, *The Princes* was first published in New York in 1963 and was selected by the Literary Guild of America as a novel of the month that year. Available now in a beautiful new edition, it offers an enthralling, intimate glimpse into life in India’s princely states through the story of a royal family caught in a struggle for survival, in a nation embracing democracy for the very first time.
