Haugh, 2014-06-25 When Namibia gained its independence from South Africa in 1990, the new government began dismantling the divisive apartheid state and building a unified nation-state. What does this new nation look like from the perspective of ordinary citizens? In *Lyrical Nationalism in Post-Apartheid Namibia*, Wendi Haugh provides an ethnographic portrayal of the nation as imagined by people living in the former ethnic homeland of Ovamboland, with a particular focus on the lyrics of songs composed and performed by Catholic youth. The author argues that these youth draw on conflicting ideologies—hierarchical and egalitarian, nationalist and cosmopolitan—from multiple sources to construct a multi-faceted sense of national identity. She reveals how their vision of the nation—framed as neutrally national—is deeply rooted in specific local histories and cultures.

youth sunday themes: *Young People and Church Since 1900* Naomi Thompson, 2017-08-04 When the Sunday School pioneers saw a need in their communities in the late eighteenth century, their response provoked a 200 year movement. These early Sunday Schools met a clear social need: that for basic education. By the 1960s, they faced rapid decline – a rigid institution amidst societal change. Over recent decades, Christian youth work has emerged as a response to further youth decline within churches. Many youth workers engage with young people's self-perceived needs by delivering open-access youth provision in their local communities alongside more specifically Christian activities. Tensions emerge over whether the youth worker's role is to serve community or church needs, with churches often emphasising the desire to see young people in services. Drawing together historical and contemporary research, *Young People and Church Since 1900* identifies patterns and change in young people's engagement with organised Christianity across time. Through this, it provides a unique analysis of the engagement and exclusion of young people in three key time periods, 1900-1910, 1955-1972, and the present day. Whilst much commentary on religious decline has focused on changes external to churches, this text draws out the internal decisions and processes that have affected the longevity of Christianity in England. This book will be of interest to researchers and scholars of young people and Christianity in the twentieth century and today, as well as youth ministry students and practitioners and those interested in youth decline in churches more widely.

youth sunday themes: One Woman's Testimony of a Transformed Life: a Book for the Hungry, Hurting, and Healing Heart Darlene Lorraine Gibson, 2023-03-23 This book exemplifies the many things that God used to transform her own life. Darlene went back to school in 2006 at the age of forty-two during some of the most difficult times in her life. In her younger years, she was quiet, shy, an average student, a slow learner, and not very enthusiastic about school. However, God blessed her with the opportunity and desire to participate first in a program at Montgomery County Community College for adult students. This course, New Choices/New Options, helped her to reinvent herself. This was not an easy road for her. She had to take remedial classes before she could even begin college courses. It took six years for her to complete the associate's degree program. Immediately following, she entered a bachelor's program which took less than two years to complete. After that she enrolled in a master's program, which took all of seven years to complete, while stopping and starting again, and changing her program several times. These things are highlighted because they were part of her struggles, journey, healing process, failures, and accomplishments. She dropped out a few times, failed some classes that she then repeated, and made numerous changes while on this path. By God's grace and strength, she diligently kept going and maintained an average of 3.08 to 3.56, and sometimes higher and or slightly lower. One part of this book in Part 2, "The Heart of Me/a.k.a. Straight From My Heart," is a book that she wrote and completed at the beginning of this journey in 2008. Now, fourteen years later, it is finally being published. According to the Bible Study website, the number fourteen means "Double measure of spiritual perfection of God's people." The number seven is completion and rest in the Bible. According to the Bible Study website, the number six represents "Man and human weakness, sin and Satan." This symbolism is significant to understand because while finishing this part of her life's journey, it allowed her to see God's plan more clearly. On her path, Satan was always trying to stop her from walking in the way of the Lord. However, God is faithful and has given her the courage and strength to go forward with a mighty testimony and do His will for His glory. We are never too old to go back to school, to start a new journey, or to dare to hope and/or change our paths. Despite the struggles, she finds complete joy in this journey and is looking forward to what is to come. Her

prayer is that in these pages, others will see Jesus, and find strength, hope, encouragement, and joy in their journeys too.

youth sunday themes: *Folk Devils and Moral Panics* Stanley Cohen, 2011-04-01 'Richly documented and convincingly presented' -- New Society Mods and Rockers, skinheads, video nasties, designer drugs, bogus asylum seekers and hoodies. Every era has its own moral panics. It was Stanley Cohen's classic account, first published in the early 1970s and regularly revised, that brought the term 'moral panic' into widespread discussion. It is an outstanding investigation of the way in which the media and often those in a position of political power define a condition, or group, as a threat to societal values and interests. Fanned by screaming media headlines, Cohen brilliantly demonstrates how this leads to such groups being marginalised and vilified in the popular imagination, inhibiting rational debate about solutions to the social problems such groups represent. Furthermore, he argues that moral panics go even further by identifying the very fault lines of power in society. Full of sharp insight and analysis, *Folk Devils and Moral Panics* is essential reading for anyone wanting to understand this powerful and enduring phenomenon. Professor Stanley Cohen is Emeritus Professor of Sociology at the London School of Economics. He received the Sellin-Glueck Award of the American Society of Criminology (1985) and is on the Board of the International Council on Human Rights. He is a member of the British Academy.

youth sunday themes: **A Call for Character Education and Prayer in the Schools** William H. Jeynes, 2009-11-24 This book offers an examination of the related topics of school prayer and character education in the United States, advocating for their return to public schools. According to William Jeynes, the lack of both school prayer and consistent moral instruction in our schools has had devastating consequences both for our education system and for the nation as a whole. In *A Call for Character Education and Prayer in the Schools*, Jeynes makes a compelling case for restoring moral instruction and nonspecific religious moments to the classroom as a way of restoring a much needed moral grounding in American society in general. *A Call for Character Education and Prayer in the Schools* traces the history of character education in the public schools, including coverage of leading advocates of their inclusion from Thomas Jefferson to DeWitt Clinton to Horace Mann. Jeynes then offers a broad survey of the country since the Supreme Court decisions of 1962 and 1963, asserting that most of America's greatest problems are moral in nature, and could be addressed by making moral instruction and a focus on the spiritual a part of our young citizens' school lives.

youth sunday themes: *Planning for Christian Education Formation* Israel Galindo, Marty Canaday, 2010-03-01 This book was written to help congregational leaders, clergy, staff, and laypersons, plan and organize a Christian education ministry from the approach of Christian formation in a community of faith context. This book provides a model for organizing the Christian education leadership committee or team of the church, demonstrates how to use the church year as a framework for planning the Christian education ministry of the church, and gives a model for assessing the effectiveness of the educational ministry of the church and a process to help congregations move toward the Christian Education Formation approach.

youth sunday themes: The Spiritual Lives of Young African Americans Almeda Wright, 2017-07-03 How do young African Americans approach their faith in God when continued violence and police brutality batters the news each day? In *The Spiritual Lives of Young African Americans*, Almeda M. Wright argues that African American youth separate their everyday lives and their spirituality into mutually exclusive categories. This results in a noticeable division between their experiences of systemic injustices and their religious beliefs and practices. Yet Wright suggests that youth can and do teach the church and society myriad lessons through their theological reflections and actions. Giving special attention to the resources of African American religious and theological traditions, Wright creates a critical pedagogy for integrating spirituality into the lives of African American youth, as well as confronting and navigating spiritual fragmentation and systemic injustice.

youth sunday themes: Mission and Liturgy Dr. Jameson K. Pallikunnil, 2018-06-15 As an ancient Christian community, the Mar Thoma Church with its vibrant life of mission and sacraments, has a pride of place in the Christendom. The evangelization process and constant migration made this church a global Church, which has encountered multi-cultural and multi-ethnic atmosphere and assimilated various cultural practices and faced faith confrontation in its own geographical regions. This confrontation has caused a renewed view of nature, identity and mission of the Church in a positive manner. Mission is, in fact, the lifeblood of the Church. Through its mission-work and revised liturgy, the Mar Thoma Church took a pioneer role in the formation and nurturing of new Christian communities in India and different parts of the world. Hence, this book reflects on the role of liturgy and its influence on the missionary undertakings of the MTC. It elucidates how the revised liturgy functions as a basis for mission and recounts how liturgy and mission are connected. Further, the diverse mission centres of the Church and its cultural specialties, an integration of liturgy and evangelism, importance of liturgical orientation and training, are also dealt with in detail. Added to this, the various challenges of the Church in its mission fields and diaspora regions are studied in the framework of the liturgy. The scope of liturgical renewal is looked into where the liturgical adaptation and possibilities of contextual liturgies in the Church are studied. This study concludes with some of the pertinent liturgical proposals for the furtherance to sustain the life and mission of

the Church. With a living experience and profound theological understanding, this ancient but reformed Church has something unique to offer to the whole Christendom.

youth sunday themes: The Homiletic of All Believers O. Wesley Allen, Jr., 2005-01-01
Preaching, says professor and author O. Wesley Allen Jr., should be considered as a form of conversation. The church, after all, is a community of conversation that exists in part to interpret God's purposes for the world and to participate in those purposes. The idea of the sermon as a conversation, then, is not simply a style or form of preaching but an integral expression of the nature and purpose of the church.

They have collaborated in composing hymns, songs, and anthems, of which more than 150 have been published. During the last 30 years they have led regional and national church assemblies, conferences, and workshops on worship, music, and drama for many denominations and in virtually all 50 states. A native of California, Avery is a graduate of the University of Redlands and Union Theological Seminary in New York. Marsh has bachelor's and master's degrees from the University of Houston, and worked for 17 years in New York's music and theater world as a composer, choreographer, pianist, and actor. Avery and Marsh continue their collaboration in composing for the church and in leading special liturgical and musical events while living in retirement in Santa Fe, New Mexico.
