Understanding Liberal Opposition to Donald Trump

The question of why liberals hate Trump is rooted in deep ideological, cultural, and policy differences. Liberalism, generally characterized by values such as social equality, environmental stewardship, and support for minority rights, often stands in stark contrast to Trump's priorities and governing style. The friction between these perspectives has been amplified by Trump's unconventional approach to politics, aggressive rhetoric, and policies that many progressives view as regressive. This section sets the foundation for understanding the complex interplay of beliefs and actions that fuel liberal resistance to

Trump.

Trump's Political Ideology vs. Liberal Values

Contrasting Economic Policies

Donald Trump's economic agenda has focused heavily on deregulation, tax cuts for corporations, and support for fossil fuels. Liberals generally advocate for progressive taxation, expanded social programs, and investment in green technology. These conflicting priorities often result in strong opposition from liberals who see Trump's policies as favoring the wealthy and exacerbating economic inequality.

- Tax reform favoring corporations
- Reduction in federal regulations
- Support for coal and oil industries

Social Policy Differences

Liberals typically support expanded healthcare, protection of reproductive rights, and progressive education reforms. Trump's efforts to repeal the Affordable Care Act, restrict abortion access, and promote school choice are seen as direct challenges to liberal ideals. These policy disputes contribute significantly to the animosity from the left.

Policy Differences and Major Disagreements

Healthcare and the Affordable Care Act

One of the most contentious points is Trump's repeated attempts to dismantle the Affordable Care Act. Liberals view access to healthcare as a basic right, and efforts to reduce coverage or eliminate protections for pre-existing conditions are met with fierce opposition. Trump's approach is often perceived as prioritizing cost reduction over public welfare.

Immigration and Border Policies

Trump's stance on immigration, including the construction of a border wall and implementation of travel bans from certain countries, sharply contrasts with liberal values

of openness and inclusion. These policies are frequently described by liberals as xenophobic and discriminatory, further fueling their dislike.

- Family separation at the border
- Travel bans targeting Muslim-majority countries
- Reduction in refugee admissions

Impact on Social Justice and Minority Rights

Response to Racial Issues

Liberals prioritize social justice and the protection of minority rights. Trump's handling of racial tensions, such as his comments on protests against police brutality and delayed condemnation of white supremacist groups, is viewed as insufficient or harmful by many progressives. These actions have intensified accusations of racism and insensitivity.

LGBTQ+ Rights and Protections

The Trump administration rolled back several protections for LGBTQ+ individuals, including policies regarding transgender service members and civil rights protections in healthcare and education. Liberals see these reversals as a step backward in the fight for equality, contributing to widespread criticism.

Environmental Policies and Climate Change Stance

Withdrawal from the Paris Climate Agreement

One of the most prominent points of contention is Trump's decision to withdraw the United States from the Paris Climate Agreement. Liberals, who overwhelmingly support action on climate change, saw this move as undermining global efforts to reduce carbon emissions and combat global warming.

Support for Fossil Fuels

Trump's administration promoted the expansion of coal, oil, and natural gas production

while rolling back environmental regulations. These actions are deeply unpopular among liberals, who advocate for renewable energy and stricter environmental protection measures.

- Relaxation of pollution controls
- Increased drilling on public lands
- Opposition to renewable energy incentives

Trump's Leadership Style and Communication

Use of Social Media and Rhetoric

Trump's frequent use of social media, particularly Twitter, for policy announcements and personal attacks has been unprecedented. Liberals criticize his combative tone, frequent dissemination of misinformation, and tendency to target critics, seeing these behaviors as divisive and detrimental to civil discourse.

Handling of National Crises

Liberals have been critical of Trump's response to national crises, such as the COVID-19 pandemic and civil unrest. Accusations of downplaying threats, spreading misinformation, and lacking empathy have contributed to negative perceptions among progressives.

Effect on Democratic Institutions and Norms

Challenges to Election Integrity

Trump's repeated claims of widespread voter fraud and efforts to overturn election results have alarmed liberals who value democratic norms. These actions are seen as undermining public trust in the electoral process and threatening the stability of democratic institutions.

Conflict with Checks and Balances

Liberals frequently cite Trump's confrontations with the judiciary, Congress, and federal agencies as evidence of disregard for the system of checks and balances. Attempts to expand executive power are viewed as a threat to constitutional governance.

International Relations and Global Image

America First Policies

Trump's "America First" approach to foreign policy, including withdrawal from international agreements and criticism of traditional allies, is often criticized by liberals as isolating and detrimental to America's global standing. Many progressives favor multilateral cooperation and diplomatic engagement.

Relations with Authoritarian Leaders

Liberals have expressed concern over Trump's positive statements about authoritarian leaders and reluctance to criticize regimes with poor human rights records. These actions are seen as inconsistent with American values of democracy and human rights.

Media Portrayal and Public Perception

Coverage of Controversies

Media outlets with liberal audiences have extensively covered Trump's controversial statements, policy decisions, and personal conduct. This coverage has shaped public perception and reinforced negative views among liberals who see the media's scrutiny as justified by Trump's actions.

Public Opinion and Polarization

Trump's presidency has contributed to heightened polarization in American politics. Polls consistently show stark divides in approval ratings along partisan lines, with liberals expressing strong disapproval rooted in the issues outlined above.

Summary of Key Reasons Liberals Oppose Trump

The animosity many liberals feel toward Donald Trump stems from a combination of ideological differences, policy disagreements, and reactions to his leadership style. Issues such as healthcare, immigration, racial justice, environmental protection, and respect for democratic norms are central to the divide. Trump's approach to governance and communication further amplifies these tensions, resulting in a highly polarized political

environment. Understanding these factors provides insight into the enduring controversy surrounding his political career.

Q: What are the main reasons liberals oppose Donald Trump?

A: Liberals oppose Donald Trump due to policy differences on healthcare, immigration, climate change, minority rights, and concerns about his leadership style and threats to democratic norms.

Q: How did Trump's environmental policies contribute to liberal criticism?

A: Trump's support for fossil fuels, rollback of environmental regulations, and withdrawal from the Paris Climate Agreement conflicted with liberal priorities for climate action and environmental protection.

Q: Why do liberals view Trump's immigration policies negatively?

A: Liberals perceive Trump's border wall, travel bans, and family separation policies as xenophobic and contrary to values of openness and inclusion.

Q: In what ways did Trump's rhetoric increase liberal opposition?

A: Trump's combative tone, use of social media for personal attacks, and dissemination of misinformation are viewed by liberals as divisive and harmful to public discourse.

Q: Did Trump's presidency affect minority communities?

A: Many liberals believe Trump's policies and statements negatively impacted minority communities, especially regarding racial justice, LGBTQ+ rights, and immigration.

Q: What role did media coverage play in shaping liberal views on Trump?

A: Extensive media coverage of Trump's controversies and policy decisions reinforced negative perceptions among liberals, amplifying opposition.

Q: Why do liberals see Trump as a threat to democratic institutions?

A: Liberals cite Trump's challenges to election integrity, confrontations with checks and balances, and attempts to expand executive power as threats to constitutional governance.

Q: How did international relations under Trump affect liberal opinion?

A: Liberals criticized Trump's America First policies, withdrawal from international agreements, and engagement with authoritarian leaders as damaging to America's global image.

Q: Are economic policies a major point of disagreement between Trump and liberals?

A: Yes, liberals oppose Trump's tax reforms favoring corporations and deregulation, seeing them as benefiting the wealthy and increasing inequality.

Q: What are some examples of Trump's actions that liberals found controversial?

A: Examples include attempts to repeal the Affordable Care Act, restrictions on abortion and LGBTQ+ rights, withdrawal from climate agreements, and efforts to overturn election results.

Why Do Liberals Hate Trump? Unpacking the Complexities of Political Division

The 2016 and 2020 presidential elections exposed a deep chasm in American politics, leaving many wondering: why do liberals hate Trump? This isn't a simple question with a simple answer. It's not

about personal animosity, but rather a complex interplay of policy disagreements, perceived character flaws, and fundamentally different visions for the country. This post will delve into the core reasons behind liberal opposition to Donald Trump, exploring the issues that fueled intense political polarization. We'll move beyond simplistic soundbites and examine the multifaceted nature of this political divide.

H2: Policy Differences: A Fundamental Divide

Perhaps the most significant reason for liberal opposition to Trump lies in their starkly contrasting policy positions. Trump's agenda often directly contradicted core liberal values.

H3: Healthcare: The Affordable Care Act (ACA), a landmark achievement for liberals, was a constant target of Trump's administration. Efforts to repeal and replace it, coupled with a general move towards deregulation of the healthcare industry, deeply concerned liberals who valued access to affordable and comprehensive healthcare for all.

H3: Climate Change: Trump's withdrawal from the Paris Agreement and his administration's rollback of environmental regulations triggered fierce opposition from liberals who prioritize environmental protection and combating climate change. This was seen as a direct threat to the planet's future and a disregard for scientific consensus.

H3: Social Issues: Trump's stances on issues like abortion rights, LGBTQ+ rights, and immigration sparked intense backlash from liberals who champion social justice and equality. His appointments to the Supreme Court, which shifted the court's ideological balance, further solidified these concerns.

H2: Trump's Rhetoric and Demeanor: A Source of Deep Discomfort

Beyond policy, Trump's rhetoric and demeanor played a significant role in solidifying liberal opposition.

H3: Divisive Language: His frequent use of inflammatory language, personal attacks, and the spread of misinformation alienated many liberals who valued respectful political discourse and factual accuracy. The normalization of such rhetoric was viewed as deeply damaging to the political climate.

H3: Attacks on Institutions: Trump's repeated attacks on democratic institutions, including the judiciary, the press, and the intelligence community, deeply troubled liberals who viewed these institutions as crucial pillars of a functioning democracy. The undermining of these institutions was seen as a threat to the very fabric of American governance.

H3: Perceived Lack of Empathy: Critics frequently pointed to a perceived lack of empathy and compassion in Trump's public statements and actions, particularly regarding marginalized

communities. This contrasted sharply with the liberal emphasis on social justice and compassion.

H2: Economic Policies: A Matter of Fairness and Inequality

Trump's economic policies also fueled liberal opposition.

H3: Tax Cuts: The 2017 tax cuts, which disproportionately benefited corporations and the wealthy, were criticized by liberals for exacerbating income inequality and failing to address the needs of the middle and working classes.

H3: Trade Policies: Trump's protectionist trade policies, including tariffs on imported goods, were seen by some liberals as harming international relations and potentially hurting American consumers and workers.

H3: Deregulation: The widespread deregulation under the Trump administration, across various sectors, raised concerns among liberals about environmental protection, worker safety, and consumer rights.

H2: Beyond Policy: A Clash of Values

Ultimately, the opposition to Trump among liberals goes beyond specific policy disagreements. It represents a fundamental clash of values. Liberals often prioritize social justice, equality, and community, while some perceive Trump's policies and rhetoric as promoting division, inequality, and authoritarianism. This difference in core values creates an unbridgeable gap for many.

Conclusion:

The question of why liberals hate Trump is complex and multifaceted. It stems from deep disagreements on policy, concerns about his rhetoric and behavior, and a fundamental clash of values. Understanding these diverse factors is crucial for navigating the deeply polarized political landscape of the United States. It's essential to remember that political disagreements are not personal attacks, and fostering respectful dialogue is crucial for a healthy democracy.

FAQs:

1. Is it accurate to say all liberals hate Trump? No, it's inaccurate to generalize. While a significant majority of liberals opposed Trump, individual opinions vary, and some may have held more nuanced views.
2. Do conservatives feel the same way about liberal leaders? Yes, political polarization is reciprocal. Conservatives often express similar strong negative feelings toward certain liberal leaders and policies.
3. Can this level of political division be overcome? Yes, it is possible, but it requires open dialogue, a willingness to understand opposing viewpoints, and a focus on common ground.
4. How can we foster more respectful political discourse? Promoting factual accuracy, encouraging empathy, and avoiding personal attacks are crucial steps toward more civil and productive political conversations.
5. What role does media play in shaping perceptions of Trump? The media played a significant role, both in shaping public perception of Trump and in contributing to political polarization through biased reporting and selective coverage. Critical media literacy is essential.

why do liberals hate trump: Resistance Is Futile! Ann Coulter, 2018-08-21 Since the day Donald Trump announced his presidential campaign, the left has waged a demented war against him. Liberals used to pride themselves on their ultra-hipness, but Trump has turned them into weeping little girls in pink party dresses. The very people who once mocked right-wingers for (allegedly) overreacting to every little thing are now the ones hyperventilating and hatching insane conspiracy theories. During the campaign, and even more so after his victory, the left went nuts. Everything Trump does sends them into a moral panic. Everything is a constitutional crisis. Members of the self-proclaimed Resistance -- journalists, politicians, professors, judges, comedians, movie stars, Twitter pundits, even Oprah and Lindsey Vonn! -- are literally shaking because Trump is literally Hitler! Now Ann Coulter skewers the various elements of The Resistance -- the pussy-hat brigade, the Russian-collusion witch hunters, the media alarmists, the campus hysterics, and more. They talk about Russia? They're the ones meddling with our democracy by trying to overturn the results of the election with their relentless attacks. The biggest result of the Trump era may be our cultural institutions' total loss of credibility.

why do liberals hate trump: The Opposite of Hate Sally Kohn, 2018-04-10 "A stunning debut by a truly gifted writer—an eye-opening read for both liberals and conservatives—and it could not come at a better time."—Adam Grant, New York Times bestselling author of *Option B*, with Sheryl Sandberg What is the opposite of hate? As a progressive commentator on Fox News and now CNN, Sally Kohn has made a career out of bridging intractable political differences and learning how to talk respectfully with people whose views she disagrees with passionately. Her viral TED Talk on the need to practice emotional—rather than political—correctness sparked a new way of considering how often we amplify our differences and diminish our connections. But these days even famously "nice" Kohn finds herself wanting to breathe fire at her enemies. It was time, she decided, to look into the epidemic of hate all around us and learn how we can stop it. In *The Opposite of Hate*, Kohn talks to leading scientists and researchers and investigates the evolutionary and cultural roots of hate and how incivility can be a gateway to much worse. She travels to Rwanda, the Middle East, and across the United States, introducing us to former terrorists and white supremacists, and even some of her own Twitter trolls, drawing surprising lessons from dramatic and inspiring stories of those who left hate behind. As Kohn confronts her own shameful moments, whether it was back when she bullied a classmate or today when she harbors deep partisan resentment, she discovers, "The opposite of hate is the beautiful and powerful reality of how we are all fundamentally linked

and equal as human beings. The opposite of hate is connection.” Sally Kohn’s engaging, fascinating, and often funny book will open your eyes and your heart.

why do liberals hate trump: Liars, Leakers, and Liberals Jeanine Pirro, 2018-07-17 Get the story the Fake News media doesn't want you to hear in the #1 New York Times bestseller: a withering indictment of the Deep State plot against Trump and a firsthand account of the real presidency, based on interviews with the Trump family and top administration officials. At this point in American history, we are the victims of a liberal sabotage of the presidency unlike anything we've ever witnessed. Nevertheless President Trump continues to fight every day to keep his promise to Make America Great Again. Today that bold idea has already led to a conservative judge on the Supreme Court, tax reform, and deregulation that has unleashed an economy stronger than anyone could have imagined. But there are dark forces that seek to obstruct and undermine the president and reverse the results of the 2016 presidential election. They are part of a wide-ranging conspiracy that would seem incredible if it weren't being perpetrated openly. Driven by ambition, blinded by greed, and bound by a common goal -- to unseat the 45th President of the United States -- this cabal is determined to maintain its wrongful hold on national political power. Fox News host Jeanine Pirro uncovers the elements of this conspiracy, including: Fake news propaganda, Law enforcement corruption at the highest levels, National security leaks by the intelligence community, Bureaucratic resistance to lawful and constitutional executive orders issued by the duly elected president, Crooked deals with foreign governments by U.S. officials sworn to defend our Constitution. It's about time the American public knows the truth about the plot to bring down the Trump presidency. By the time you've finished this book, you'll agree with Judge Pirro that the only way to stop these hoodlums is to Take Them Out in Cuffs!

why do liberals hate trump: Moral Politics George Lakoff, 2016-09-05 An updated third edition of the modern classic that applies cognitive science to the world of politics—to explain how our unconscious views shape our votes. When *Moral Politics* was first published, it redefined how Americans think and talk about politics through the lens of cognitive political psychology. Today, George Lakoff’s classic text has become all the more relevant, as liberals and conservatives have come to hold even more vigorously opposed views of the world, with the underlying assumptions of their respective worldviews at the level of basic morality. Even more so than when Lakoff wrote, liberals and conservatives simply have very different, deeply held beliefs about what is right and wrong. Lakoff reveals radically different but remarkably consistent conceptions of morality on both the left and right. Moral worldviews, like most deep ways of understanding the world, are unconscious—part of our hard-wired brain circuitry. When confronted with facts that don’t fit our moral worldview, our brains work automatically and unconsciously to ignore or reject these facts, and it takes extraordinary openness and awareness of this phenomenon to pay critical attention to the countless facts we’re presented with each day. For this edition, Lakoff has added a new preface and afterword, extending his observations to various ideological conflicts since the book’s original publication, from the Affordable Care Act to the Iraq and Afghanistan wars, the 2008 financial crisis, and the effects of global warming. One might have hoped such massive changes and challenges would bring people together, but the reverse has actually happened; the divide between liberals and conservatives has become stronger and more virulent. To have any hope of bringing mutual respect to the current social and political divide, we need to clearly understand the problem and make it part of our contemporary public discourse. *Moral Politics* offers a much-needed wake-up call to both the left and the right. “An intelligent take on the way politics is conducted in America.” —Publishers Weekly “That conservatives and liberals see the world differently comes as no news to most, but Lakoff’s look into just why that should be so makes for interesting reading.” —Kirkus Reviews

why do liberals hate trump: Troll Nation Amanda Marcotte, 2018-04-24 “Amanda Marcotte drains the swamp and reveals a Republican Party hijacked by grifters and frauds.” ?David Daley The election of Donald Trump in 2016, like most of his campaign, came as a shock to many Americans. How could a man so lacking in capacity, so void of any intellectual heft, become the president of the United States? How did Trump, a man with no detectable personal qualities outside of resentment

and the will to dominate, appeal to millions of Americans and win the highest office in the land? The American right has spent decades turning away from reasoned discourse toward a rhetoric of pure resentment—it's this shift that laid the groundwork for Trump's ascendancy. In *Troll Nation*, journalist Amanda Marcotte outlines how Trump was the inevitable result of American conservatism's degradation into an ideology of blind resentment. For years now, the purpose of right wing media, particularly Fox News, has not been to argue for traditional conservative ideals, such as small government or even family values, so much as to stoke bitterness and paranoia in its audience. Traditionalist white people have lost control over the culture, and they know it, and the only option they feel they have left is to rage at a broad swath of supposed enemies ? journalists, activists, feminists, city dwellers, college professors ? that they blame for stealing "their" country from them. Conservative pundits, politicians, and activists have abandoned any hope of winning the argument through reasoned discourse, and instead have adopted a series of bad faith claims, conspiracy theories, and culture war hysterics. Decades of these antics created a conservative voting base that was ready to elect a mindless bully like Donald Trump.

why do liberals hate trump: Suburban Warriors Lisa McGirr, 2015-06-02 In the early 1960s, American conservatives seemed to have fallen on hard times. McCarthyism was on the run, and movements on the political left were grabbing headlines. The media lampooned John Birchers's accusations that Dwight Eisenhower was a communist puppet. Mainstream America snickered at warnings by California Congressman James B. Utt that barefooted Africans were training in Georgia to help the United Nations take over the country. Yet, in Utt's home district of Orange County, thousands of middle-class suburbanites proceeded to organize a powerful conservative movement that would land Ronald Reagan in the White House and redefine the spectrum of acceptable politics into the next century. *Suburban Warriors* introduces us to these people: women hosting coffee klatches for Barry Goldwater in their tract houses; members of anticommunist reading groups organizing against sex education; pro-life Democrats gradually drawn into conservative circles; and new arrivals finding work in defense companies and a sense of community in Orange County's mushrooming evangelical churches. We learn what motivated them and how they interpreted their political activity. Lisa McGirr shows that their movement was not one of marginal people suffering from status anxiety, but rather one formed by successful entrepreneurial types with modern lifestyles and bright futures. She describes how these suburban pioneers created new political and social philosophies anchored in a fusion of Christian fundamentalism, xenophobic nationalism, and western libertarianism. While introducing these rank-and-file activists, McGirr chronicles Orange County's rise from nut country to political vanguard. Through this history, she traces the evolution of the New Right from a virulent anticommunist, anti-establishment fringe to a broad national movement nourished by evangelical Protestantism. Her original contribution to the social history of politics broadens—and often upsets—our understanding of the deep and tenacious roots of popular conservatism in America.

why do liberals hate trump: Why Americans Hate Politics E.J. Dionne, 2004-06 One of our shrewdest political observers traces thirty years of volatile political history and finds that on point after point, liberals and conservatives are framing issues as a series of false choices, making it impossible for politicians to solve problems, and alienating voters in the process.

why do liberals hate trump: Liberal Privilege Donald Trump, Jr., 2020-08-25

why do liberals hate trump: Moral Politics George Lakoff, 2010-12-15 In this classic text, the first full-scale application of cognitive science to politics, George Lakoff analyzes the unconscious and rhetorical worldviews of liberals and conservatives, discovering radically different but remarkably consistent conceptions of morality on both the left and right. For this new edition, Lakoff adds a preface and an afterword extending his observations to major ideological conflicts since the book's original publication, from the impeachment of Bill Clinton to the 2000 presidential election and its aftermath.

why do liberals hate trump: Listen, Liberal Thomas Frank, 2017-03-14 A SCATHING LOOK AT THE STANDARD-BEARERS OF LIBERAL POLITICS—A BOOK THAT ASKS: WHAT'S THE MATTER

WITH DEMOCRATS? Hailed as “the most prescient book” of the year, *Listen, Liberal* accurately described what ailed the Democratic Party even before the election of 2016 made their weaknesses obvious. It is the story of how the “Party of the People” detached itself from its historic constituency among average Americans and chose instead to line up with the winners of our new economic order. Now with a new afterword, Thomas Frank’s powerful analysis offers the best diagnosis to date of the liberal malady. Drawing on years of research and firsthand reporting, Frank points out that the Democrats have over the last decades increasingly abandoned their traditional goals: expanding opportunity, fighting for social justice, and ensuring that workers get a fair deal. With sardonic wit and lacerating logic, he uncovers the corporate and cultural elitism that have largely eclipsed the party’s old working- and middle-class commitment. And he warns that the Democrats’ only chance of regaining their health and averting a future of ever-increasing inequality is a return to their historic faith.

why do liberals hate trump: *The New Class War* Michael Lind, 2020-02-20 An Evening Standard's Book of the Year 'A tour de force.' David Goodhart All over the West, party systems have shattered and governments have been thrown into turmoil. The embattled establishment claims that these populist insurgencies seek to overthrow liberal democracy. The truth is no less alarming but is more complex: Western democracies are being torn apart by a new class war. In this controversial and groundbreaking analysis, Michael Lind, one of America's leading thinkers, debunks the idea that the insurgencies are primarily the result of bigotry and reveals the real battle lines. He traces how the breakdown of class compromises has left large populations in Western democracies politically adrift. We live in a globalized world that benefits elites in high income 'hubs' while suppressing the economic and social interests of those in more traditional lower-wage 'heartlands'. A bold framework for understanding the world, *The New Class War* argues that only a fresh class settlement can avert a never-ending cycle of clashes between oligarchs and populists - and save democracy.

why do liberals hate trump: *The Authoritarian Dynamic* Karen Stenner, 2005-07-25 What is the basis for intolerance? This book addresses that question by developing a universal theory about what causes intolerance of difference in general, which includes racism, political intolerance (e.g. restriction of free speech), moral intolerance (e.g. homophobia, supporting censorship, opposing abortion) and punitiveness. It demonstrates that all these seemingly disparate attitudes are principally caused by just two factors: individuals' innate psychological predispositions to intolerance ('authoritarianism') interacting with changing conditions of societal threat.

why do liberals hate trump: How the Right Lost Its Mind Charles J. Sykes, 2017-10-03 Bracing and immediate. - The Washington Post Once at the center of the American conservative movement, bestselling author and radio host Charles Sykes is a fierce opponent of Donald Trump and the right-wing media that enabled his rise. In *How the Right Lost Its Mind*, Sykes presents an impassioned, regretful, and deeply thoughtful account of how the American conservative movement came to lose its values. How did a movement that was defined by its belief in limited government, individual liberty, free markets, traditional values, and civility find itself embracing bigotry, political intransigence, demagoguery, and outright falsehood? *How the Right Lost its Mind* addresses: *Why are so many voters so credulous and immune to factual information reported by responsible media? *Why did conservatives decide to overlook, even embrace, so many of Trump’s outrages, gaffes, conspiracy theories, falsehoods, and smears? *Can conservatives govern? Or are they content merely to rage? *How can the right recover its traditional values and persuade a new generation of their worth?

why do liberals hate trump: The Mass Psychology of Fascism Wilhelm Reich, 2023-11-27 Wilhelm Reich's classic study, written during the years of the German crisis, is a unique contribution to the understanding of one of the crucial phenomena of our times-fascism. Reich firmly repudiates the concept that fascism is the ideology or action of a single individual or nationality, or any ethnic or political group. He also denies a purely socio-economic explanation as advanced by Marxist ideologists. He understands fascism as the expression of the irrational character structure of the average human being whose primary, biological needs and impulses have been suppressed for

thousands of years. The social function of this suppression and the crucial role played in it by the authoritarian family and the church are carefully analyzed. Reich shows how every form of organized mysticism, including fascism, relies on the unsatisfied orgasmic longing of the masses. The importance of this work today cannot be underestimated. The human character structure that created organized fascist movements still exists, dominating our present social conflicts. If the chaotic agony of our times is ever to be eliminated, we must turn our attention to the character structure that creates it; we must understand the mass psychology of fascism.

why do liberals hate trump: The Cult of Trump Steven Hassan, 2020-09-01 *As featured in the streaming documentary #UNTRUTH—now with a new foreword by George Conway and an afterword by the author* A masterful and eye-opening examination of Trump and the coercive control tactics he uses to build a fanatical devotion in his supporters written by “an authority on breaking away from cults...an argument that...bears consideration as the next election cycle heats up” (Kirkus Reviews). Since the 2016 election, Donald Trump’s behavior has become both more disturbing and yet increasingly familiar. He relies on phrases like, “fake news,” “build the wall,” and continues to spread the divisive mentality of us-vs.-them. He lies constantly, has no conscience, never admits when he is wrong, and projects all of his shortcomings on to others. He has become more authoritarian, more outrageous, and yet many of his followers remain blindly devoted. Scott Adams, the creator of Dilbert and a major Trump supporter, calls him one of the most persuasive people living. His need to squash alternate information and his insistence of constant ego stroking are all characteristics of other famous leaders—cult leaders. In *The Cult of Trump*, mind control and licensed mental health expert Steven Hassan draws parallels between our current president and people like Jim Jones, David Koresh, Ron Hubbard, and Sun Myung Moon, arguing that this presidency is in many ways like a destructive cult. He specifically details the ways in which people are influenced through an array of social psychology methods and how they become fiercely loyal and obedient. Hassan was a former “Moonie” himself, and he presents a “thoughtful and well-researched analysis of some of the most puzzling aspects of the current presidency, including the remarkable passivity of fellow Republicans [and] the gross pandering of many members of the press” (Thomas G. Gutheil, MD and professor of psychiatry, Harvard Medical School). *The Cult of Trump* is an accessible and in-depth analysis of the president, showing that under the right circumstances, even sane, rational, well-adjusted people can be persuaded to believe the most outrageous ideas. “This book is a must for anyone who wants to understand the current political climate” (Judith Stevens-Long, PhD and author of *Living Well, Dying Well*).

why do liberals hate trump: The Fractured Republic Yuval Levin, 2017-05-23 Americans today are frustrated and anxious. Our economy is sluggish, and leaves workers insecure. Income inequality, cultural divisions, and political polarization increasingly pull us apart. Our governing institutions often seem paralyzed. And our politics has failed to rise to these challenges. No wonder, then, that Americans -- and the politicians who represent them -- are overwhelmingly nostalgic for a better time. The Left looks back to the middle of the twentieth century, when unions were strong, large public programs promised to solve pressing social problems, and the movements for racial integration and sexual equality were advancing. The Right looks back to the Reagan Era, when deregulation and lower taxes spurred the economy, cultural traditionalism seemed resurgent, and America was confident and optimistic. Each side thinks returning to its golden age could solve America's problems. In *The Fractured Republic*, Yuval Levin argues that this politics of nostalgia is failing twenty-first-century Americans. Both parties are blind to how America has changed over the past half century -- as the large, consolidated institutions that once dominated our economy, politics, and culture have fragmented and become smaller, more diverse, and personalized. Individualism, dynamism, and liberalization have come at the cost of dwindling solidarity, cohesion, and social order. This has left us with more choices in every realm of life but less security, stability, and national unity. Both our strengths and our weaknesses are therefore consequences of these changes. And the dysfunctions of our fragmented national life will need to be answered by the strengths of our decentralized, diverse, dynamic nation. Levin argues that this calls for a modernizing politics

that avoids both radical individualism and a centralizing statism and instead revives the middle layers of society -- families and communities, schools and churches, charities and associations, local governments and markets. Through them, we can achieve not a single solution to the problems of our age, but multiple and tailored answers fitted to the daunting range of challenges we face and suited to enable an American revival.

why do liberals hate trump: The Tyranny of Merit Michael J. Sandel, 2020-09-10 A TLS, GUARDIAN AND NEW STATESMAN BOOK OF THE YEAR 2020 The new bestseller from the acclaimed author of Justice and one of the world's most popular philosophers Astute, insightful, and empathetic...A crucial book for this moment Tara Westover, author of Educated These are dangerous times for democracy. We live in an age of winners and losers, where the odds are stacked in favour of the already fortunate. Stalled social mobility and entrenched inequality give the lie to the promise that you can make it if you try. And the consequence is a brew of anger and frustration that has fuelled populist protest, with the triumph of Brexit and election of Donald Trump. Michael J. Sandel argues that to overcome the polarized politics of our time, we must rethink the attitudes toward success and failure that have accompanied globalisation and rising inequality. Sandel highlights the hubris a meritocracy generates among the winners and the harsh judgement it imposes on those left behind. He offers an alternative way of thinking about success - more attentive to the role of luck in human affairs, more conducive to an ethic of humility, and more hospitable to a politics of the common good.

why do liberals hate trump: Strangers in Their Own Land Arlie Russell Hochschild, 2018-02-20 The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book. —Jason DeParle, The New York Times Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to Strangers in Their Own Land to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party stronghold. As Jedediah Purdy put it in the New Republic, Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite. Already a favorite common read book in communities and on campuses across the country and called humble and important by David Brooks and masterly by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

why do liberals hate trump: Trumponomics Stephen Moore, Arthur B. Laffer, 2018-10-30 Conservative economists offer a well-informed defense of Trump's approach to trade, taxes, employment, infrastructure, and other economic policies. Donald Trump promised the American people a transformative change in economic policy after eight years of stagnation under Obama. But he didn't adopt a conventional left or right economic agenda. His is a new economic populism that combines some conventional Republican ideas—tax cuts, deregulation, more power to the states—with more traditional Democratic issues such as trade protectionism and infrastructure spending. It also mixes in important populist issues such as immigration reform, pressuring the Europeans to pay for more of their own defense, and keeping America first. Coauthors Stephen Moore and Arthur B. Laffer worked as senior economic advisors to Donald Trump in 2016. They traveled with him, frequently met with his political and economic teams, worked on his speeches, and represented him as surrogates. They are currently members of the Trump Advisory Council and still meet with him regularly. In Trumponomics, they offer an insider's view on how Trump operates in public and behind closed doors, his priorities and passions, and his greatest attributes and liabilities.

why do liberals hate trump: Rendezvous with Oblivion Thomas Frank, 2018-06-19 Tack and Richardson show you how to start with a batch of plain cupcakes, and turn them into fun creations such as robots, farm- or zoo-animals, and even a cookie village! --Adapted from back cover.

why do liberals hate trump: Never Trust a Liberal Over Three?Especially a Republican Ann Coulter, 2013-10-14 You have NEVER seen Coulter like this before! Coulter is uncensored, unapologetic, and unflinching in her ruthless mockery of liberals, sissies, morons, hypocrites, and all other species of politician. Coulter doesn't stop at the politicians, though. Watch her skewer pundits, salesmen, celebrities, and bureaucrats with ruthlessness and hilarity. No topic is safe! This is Coulter at her most incisive, funny, and brilliant, featuring irreverent and hilarious material her syndicators were too afraid to print!

why do liberals hate trump: Heartland Sarah Smarsh, 2019-09-03 *Finalist for the National Book Award* *Finalist for the Kirkus Prize* *Instant New York Times Bestseller* *Named a Best Book of the Year by NPR, New York Post, BuzzFeed, Shelf Awareness, Bustle, and Publishers Weekly* An essential read for our times: an eye-opening memoir of working-class poverty in America that will deepen our understanding of the ways in which class shapes our country and "a deeply humane memoir that crackles with clarifying insight".* Sarah Smarsh was born a fifth generation Kansas wheat farmer on her paternal side, and the product of generations of teen mothers on her maternal side. Through her experiences growing up on a farm thirty miles west of Wichita, we are given a unique and essential look into the lives of poor and working class Americans living in the heartland. During Sarah's turbulent childhood in Kansas in the 1980s and 1990s, she enjoyed the freedom of a country childhood, but observed the painful challenges of the poverty around her; untreated medical conditions for lack of insurance or consistent care, unsafe job conditions, abusive relationships, and limited resources and information that would provide for the upward mobility that is the American Dream. By telling the story of her life and the lives of the people she loves with clarity and precision but without judgement, Smarsh challenges us to look more closely at the class divide in our country. Beautifully written, in a distinctive voice, Heartland combines personal narrative with powerful analysis and cultural commentary, challenging the myths about people thought to be less because they earn less. "Heartland is one of a growing number of important works—including Matthew Desmond's Evicted and Amy Goldstein's Janesville—that together merit their own section in nonfiction aisles across the country: America's postindustrial decline...Smarsh shows how the false promise of the 'American dream' was used to subjugate the poor. It's a powerful mantra" *(The New York Times Book Review).

why do liberals hate trump: Running Against the Devil Rick Wilson, 2020-01-14 NEW YORK TIMES BESTSELLER • A savvy guidebook for beating Trump's tricks, traps, and tweets from a founder of The Lincoln Project, now updated with new material on the historic battle between Trump and Joe Biden—and how the pandemic has changed the race "If you believe America's future depends on Donald Trump's political machine being crushed at the polls next year, then Rick Wilson's Running Against the Devil is a must-read."—Joe Scarborough, MSNBC Donald Trump is exactly the disaster we feared for America. Hated by a majority of Americans, Trump's administration is corrupt, inept, and rocked by daily scandals. In the handling of 2020's coronavirus pandemic, its incompetence has been deadly. Trump can't win in 2020, right? Wrong. As 2016 proved, Trump can't win, but Joe Biden can sure as hell lose. Only one thing can save Trump, and that's a Democratic campaign that runs the race Trump wants Democrats to run instead of the campaign they must run to win in 2020. Wilson combines decades of national political experience and insight in his take-no-prisoners analysis, hammering Trump's destructive and dangerous first term in a case-by-case takedown of the worst president in history and describing the terrifying prospect of four more years of Trump. Like no one else can, Wilson blows the lid off Trump's 2020 political war machine, showing the exact strategies and tactics Republicans will use against Biden, and how the Democrats can avoid the catastrophes waiting for them if they fall into Trump's traps. Running Against the Devil is sharply funny, brutally honest, and infused with Wilson's biting commentary. It's a vital indictment of Trump, a no-nonsense, no-holds-barred road map to saving

America, and the guide to making Donald Trump a one-term president. The stakes are too high to do anything less.

why do liberals hate trump: *How America Lost Its Mind* Thomas E. Patterson, 2019-10-03 Americans are losing touch with reality. On virtually every issue, from climate change to immigration, tens of millions of Americans have opinions and beliefs wildly at odds with fact, rendering them unable to think sensibly about politics. In *How America Lost Its Mind*, Thomas E. Patterson explains the rise of a world of “alternative facts” and the slow-motion cultural and political calamity unfolding around us. We don’t have to search far for the forces that are misleading us and tearing us apart: politicians for whom division is a strategy; talk show hosts who have made an industry of outrage; news outlets that wield conflict as a marketing tool; and partisan organizations and foreign agents who spew disinformation to advance a cause, make a buck, or simply amuse themselves. The consequences are severe. *How America Lost Its Mind* maps a political landscape convulsed with distrust, gridlock, brinksmanship, petty feuding, and deceptive messaging. As dire as this picture is, and as unlikely as immediate relief might be, Patterson sees a way forward and underscores its urgency. A call to action, his book encourages us to wrest institutional power from ideologues and disruptors and entrust it to sensible citizens and leaders, to restore our commitment to mutual tolerance and restraint, to cleanse the Internet of fake news and disinformation, and to demand a steady supply of trustworthy and relevant information from our news sources. As philosopher Hannah Arendt wrote decades ago, the rise of demagogues is abetted by “people for whom the distinction between fact and fiction, true and false, no longer exists.” In *How America Lost Its Mind*, Thomas E. Patterson makes a passionate case for fully and fiercely engaging on the side of truth and mutual respect in our present arms race between fact and fake, unity and division, civility and incivility.

why do liberals hate trump: *Triggered* Donald Trump Jr., 2019-11-05 This is the book that the leftist elites don't want you to read: Donald Trump, Jr., exposes all the tricks that the left uses to smear conservatives and push them out of the public square, from online shadow banning to rampant political correctness. In *Triggered*, Donald Trump, Jr. exposes all the tricks that the left uses to smear conservatives and push them out of the public square, from online shadow banning to fake accusations of hate speech. No topic is spared from political correctness. This is the book that the leftist elites don't want you to read! Trump, Jr. writes about the importance of fighting back and standing up for what you believe in. From his childhood summers in Communist Czechoslovakia that began his political thought process, to working on construction sites with his father, to the major achievements of President Trump's administration, Donald Trump, Jr. spares no details and delivers a book that focuses on success, perseverance, and determination.

why do liberals hate trump: *It's Time to Fight Dirty* David Faris, 2018-04-10 An accessible, actionable blueprint for how Democrats can build lasting, durable change—without having to amend the Constitution. “American democracy could disappear altogether within our own lifetimes. Everyone who wants to avoid that catastrophe must read his book.” —Guardian The American electoral system is clearly falling apart—more than one recent presidential race has resulted in the clear winner of the popular vote losing the electoral college vote, and Trump’s refusal to concede in 2020 broke with all precedents...at least for now. Practical solutions need to be implemented as soon as possible. And so in *It's Time to Fight Dirty*, political scientist David Faris outlines accessible, actionable strategies for American institutional reform which don’t require a constitutional amendment, and would have a lasting impact on our future. With equal amounts of playful irreverence and persuasive reasoning, Faris describes how the Constitution’s deep democratic flaws constantly put progressives at a disadvantage, and lays out strategies for “fighting dirty” through obstructionism and procedural warfare: establishing statehood for DC and Puerto Rico; breaking California into several states; creating a larger House of Representatives; passing a new voting rights act; and expanding the Supreme Court. The Constitution may be the world’s most difficult document to amend, but Faris argues that many of America’s democratic failures can be fixed within its rigid confines—and, at a time when the stakes have never been higher, he outlines a path for

long-term, progressive change in the United States so that the electoral gains of 2020 aren't lost again.

why do liberals hate trump: How Fascism Works Jason Stanley, 2018-09-04 "No single book is as relevant to the present moment."—Claudia Rankine, author of *Citizen* "One of the defining books of the decade."—Elizabeth Hinton, author of *From the War on Poverty to the War on Crime* NEW YORK TIMES BOOK REVIEW EDITORS' CHOICE • With a new preface • Fascist politics are running rampant in America today—and spreading around the world. A Yale philosopher identifies the ten pillars of fascist politics, and charts their horrifying rise and deep history. As the child of refugees of World War II Europe and a renowned philosopher and scholar of propaganda, Jason Stanley has a deep understanding of how democratic societies can be vulnerable to fascism: Nations don't have to be fascist to suffer from fascist politics. In fact, fascism's roots have been present in the United States for more than a century. Alarmed by the pervasive rise of fascist tactics both at home and around the globe, Stanley focuses here on the structures that unite them, laying out and analyzing the ten pillars of fascist politics—the language and beliefs that separate people into an "us" and a "them." He knits together reflections on history, philosophy, sociology, and critical race theory with stories from contemporary Hungary, Poland, India, Myanmar, and the United States, among other nations. He makes clear the immense danger of underestimating the cumulative power of these tactics, which include exploiting a mythic version of a nation's past; propaganda that twists the language of democratic ideals against themselves; anti-intellectualism directed against universities and experts; law and order politics predicated on the assumption that members of minority groups are criminals; and fierce attacks on labor groups and welfare. These mechanisms all build on one another, creating and reinforcing divisions and shaping a society vulnerable to the appeals of authoritarian leadership. By uncovering disturbing patterns that are as prevalent today as ever, Stanley reveals that the stuff of politics—charged by rhetoric and myth—can quickly become policy and reality. Only by recognizing fascists politics, he argues, may we resist its most harmful effects and return to democratic ideals. "With unsettling insight and disturbing clarity, *How Fascism Works* is an essential guidebook to our current national dilemma of democracy vs. authoritarianism."—William Jelani Cobb, author of *The Substance of Hope*

why do liberals hate trump: Surplus Powerlessness Michael Lerner, 1986

why do liberals hate trump: Achieving Our Country Richard Rorty, 1999 One of America's foremost philosophers challenges the lost generation of the American Left to understand the role it might play in the great tradition of democratic intellectual labor that started with writers such as Walt Whitman and John Dewey.

why do liberals hate trump: Language in the Trump Era Janet McIntosh, Norma Mendoza-Denton, 2020-09-03 By examining Trump's verbal techniques, this book illuminates how he employs words to power his presidency whilst scandalizing the world.

why do liberals hate trump: The Decadent Society Ross Douthat, 2021-03-16 From the New York Times columnist and bestselling author of *Bad Religion*, a "clever and stimulating" (The New York Times Book Review) portrait of how our turbulent age is defined by dark forces seemingly beyond our control. The era of the coronavirus has tested America, and our leaders and institutions have conspicuously failed. That failure shouldn't be surprising: Beneath social-media frenzy and reality-television politics, our era's deep truths are elite incompetence, cultural exhaustion, and the flight from reality into fantasy. Casting a cold eye on these trends, *The Decadent Society* explains what happens when a powerful society ceases advancing—how the combination of wealth and technological proficiency with economic stagnation, political stalemate, and demographic decline creates a unique civilizational crisis. Ranging from the futility of our ideological debates to the repetitions of our pop culture, from the decline of sex and childbearing to the escapism of drug use, Ross Douthat argues that our age is defined by disappointment—by the feeling that all the frontiers are closed, that the paths forward lead only to the grave. Correcting both optimism and despair, Douthat provides an enlightening explanation of how we got here, how long our frustrations might last, and how, in renaissance or catastrophe, our decadence might ultimately end.

why do liberals hate trump: Why Liberalism Failed Patrick J. Deneen, 2019-02-26 One of the most important political books of 2018.—Rod Dreher, American Conservative Of the three dominant ideologies of the twentieth century—fascism, communism, and liberalism—only the last remains. This has created a peculiar situation in which liberalism's proponents tend to forget that it is an ideology and not the natural end-state of human political evolution. As Patrick Deneen argues in this provocative book, liberalism is built on a foundation of contradictions: it trumpets equal rights while fostering incomparable material inequality; its legitimacy rests on consent, yet it discourages civic commitments in favor of privatism; and in its pursuit of individual autonomy, it has given rise to the most far-reaching, comprehensive state system in human history. Here, Deneen offers an astringent warning that the centripetal forces now at work on our political culture are not superficial flaws but inherent features of a system whose success is generating its own failure.

why do liberals hate trump: 50 Things Liberals Love to Hate Mike Gallagher, 2013-06-25 National radio talk show host Gallagher provides a careful study into the psyche of the liberal mind, using humor and irony to both entertain and instruct.

why do liberals hate trump: Network Propaganda Yochai Benkler, Robert Faris, Hal Roberts, 2018-09-17 This is an open access title available under the terms of a CC BY-NC-ND 4.0 International licence. It is free to read at Oxford Scholarship Online and offered as a free PDF download from OUP and selected open access locations. Is social media destroying democracy? Are Russian propaganda or Fake news entrepreneurs on Facebook undermining our sense of a shared reality? A conventional wisdom has emerged since the election of Donald Trump in 2016 that new technologies and their manipulation by foreign actors played a decisive role in his victory and are responsible for the sense of a post-truth moment in which disinformation and propaganda thrives. Network Propaganda challenges that received wisdom through the most comprehensive study yet published on media coverage of American presidential politics from the start of the election cycle in April 2015 to the one year anniversary of the Trump presidency. Analysing millions of news stories together with Twitter and Facebook shares, broadcast television and YouTube, the book provides a comprehensive overview of the architecture of contemporary American political communications. Through data analysis and detailed qualitative case studies of coverage of immigration, Clinton scandals, and the Trump Russia investigation, the book finds that the right-wing media ecosystem operates fundamentally differently than the rest of the media environment. The authors argue that longstanding institutional, political, and cultural patterns in American politics interacted with technological change since the 1970s to create a propaganda feedback loop in American conservative media. This dynamic has marginalized centre-right media and politicians, radicalized the right wing ecosystem, and rendered it susceptible to propaganda efforts, foreign and domestic. For readers outside the United States, the book offers a new perspective and methods for diagnosing the sources of, and potential solutions for, the perceived global crisis of democratic politics.

why do liberals hate trump: Black Elephants in the Room Corey Fields, 2016-10-18 From many to few -- Beyond Uncle Tom -- Race doesn't matter -- Black power through conservative principles -- Like crabs in a barrel -- Whither the Republican Party.

why do liberals hate trump: The Cellist Daniel Silva, 2021-08-01 Master of international intrigue Daniel Silva, the #1 New York Times bestselling author, comes an explosive thriller featuring art restorer and legendary spy Gabriel Allon. The most beautiful music hides the deadliest secrets ... Viktor Orlov had a longstanding appointment with death. Once Russia's richest man, he now resides in exile in London, where he is waging a crusade against the kleptocrats who have seized control of the Kremlin. His mansion is protected by armed bodyguards. Yet somehow, on a rainy summer evening, in the midst of a global pandemic, Russia's vengeful president finally manages to cross Orlov's name off his kill list. Before him was the receiver from his landline telephone, a half-drunk glass of red wine, and a stack of documents ... The documents are contaminated with a deadly nerve agent. The Metropolitan Police determine that they were delivered by one of Orlov's employees, a prominent investigative reporter. And when the reporter vanishes hours after the killing, MI6 concludes she is a Moscow Center assassin who penetrated the

billionaire's formidable defenses. But Gabriel Allon believes his friends in British intelligence are dangerously mistaken. His search for the truth will take him to Geneva, where a private intelligence service is plotting an act of violence that will plunge an already divided America into chaos. Only Allon, with the help of a brilliant young woman employed by the world's dirtiest bank, can stop it... Praise for Daniel Silva: 'Fascinating, suspenseful and bated-breath exciting' Publishers Weekly 'One of the greatest spy novelists the genre has ever known' CrimeReads 'Daniel Silva is that rarity of rarities, a writer whose stories just keep getting better' Huffington Post 'If you like Jason Bourne and Jack Reacher, get to know Gabriel Allon' Australian Women's Weekly

why do liberals hate trump: *Trumpbook* Naresh Vissa, 2017-10-23 WARNING! THE CONTENT IN THIS BOOK IS CONTROVERSIAL AND MAY BE CONSIDERED OFFENSIVE OR DISTURBING TO DIGITAL LIBERALS. READER DISCRETION IS ADVISED. The Election of 2016 was a wake-up call to intolerant digital liberals. They were delusional enough not to see Donald Trump's victory coming. The results made nearly half the country laugh, smile and proud. Donald Trump was not elected by his voters. It was his biggest detractors - mainstream liberal news media, loudmouth liberals, and digital liberals alike - who built up his support to keep his campaign running. Through real Facebook posts and rigorous primary and secondary research, TRUMPBOOK explains how President Trump's haters were actually his biggest supporters. Chapter subjects include: - How digital liberals elected President Donald Trump - Why do Kanye West and other African-Americans support Donald Trump? - Why so many Indian-Americans support Donald Trump - Why Melania Trump will make American women hot again - Why Colin Kaepernick and other athletes kneeling during the national anthem doesn't do anything for anyone - Why NBA coaches Steve Kerr, Gregg Popovich, and Stan Van Gundy should shut their mouths about politics - Why Meryl Streep, George Clooney, Leonardo DiCaprio, and Hollywood should shut their mouths about politics - 5 ways to defeat Trump in 2020 - The craziest Trump-related Facebook posts you'll ever see If you have felt bullied by reading political posts on Facebook and other social media, or if you think your friends hate you just because of your political views or choices, then TRUMPBOOK is for you. Hopefully, this book will resonate with your situation and give you the vote of support that you're not alone.

why do liberals hate trump: *Hillbilly Elegy: A Memoir of a Family and Culture in Crisis* J. D. Vance, 2016-08-06 THE INTERNATIONAL BESTSELLER / OVER A MILLION COPIES SOLD From Donald Trump's 2024 Vice-Presidential Candidate 'Essential reading for this moment in history' New York Times

why do liberals hate trump: *White Working Class* Joan C. Williams, 2017-05-16 I recommend a book by Professor Williams, it is really worth a read, it's called White Working Class. -- Vice President Joe Biden on Pod Save America An Amazon Best Business and Leadership book of 2017 Around the world, populist movements are gaining traction among the white working class. Meanwhile, members of the professional elite—journalists, managers, and establishment politicians—are on the outside looking in, left to argue over the reasons. In *White Working Class*, Joan C. Williams, described as having something approaching rock star status by the New York Times, explains why so much of the elite's analysis of the white working class is misguided, rooted in class cluelessness. Williams explains that many people have conflated working class with poor--but the working class is, in fact, the elusive, purportedly disappearing middle class. They often resent the poor and the professionals alike. But they don't resent the truly rich, nor are they particularly bothered by income inequality. Their dream is not to join the upper middle class, with its different culture, but to stay true to their own values in their own communities--just with more money. While white working-class motivations are often dismissed as racist or xenophobic, Williams shows that they have their own class consciousness. *White Working Class* is a blunt, bracing narrative that sketches a nuanced portrait of millions of people who have proven to be a potent political force. For anyone stunned by the rise of populist, nationalist movements, wondering why so many would seemingly vote against their own economic interests, or simply feeling like a stranger in their own country, *White Working Class* will be a convincing primer on how to connect with a crucial set of workers--and voters.

why do liberals hate trump: *The Working Class Republican* Henry Olsen, 2017-06-27 In this sure to be controversial book in the vein of *The Forgotten Man*, a political analyst argues that conservative icon Ronald Reagan was not an enemy of Franklin Delano Roosevelt and the New Deal, but his true heir and the popular program's ultimate savior. Conventional political wisdom views the two most consequential presidents of the twentieth-century—FDR and Ronald Reagan—as ideological opposites. FDR is hailed as the champion of big-government progressivism manifested in the New Deal. Reagan is seen as the crusader for conservatism dedicated to small government and free markets. But Henry Olsen argues that this assumption is wrong. In *Ronald Reagan: New Deal Republican*, Olsen contends that the historical record clearly shows that Franklin Roosevelt and the New Deal itself were more conservative than either Democrats or Republicans believe, and that Ronald Reagan was more progressive than most contemporary Republicans understand. Olsen cuts through political mythology to set the record straight, revealing how Reagan—a longtime Democrat until FDR's successors lost his vision in the 1960s—saw himself as FDR's natural heir, carrying forward the basic promises of the New Deal: that every American deserves comfort, dignity, and respect provided they work to the best of their ability. Olsen corrects faulty assumptions driving today's politics. Conservative Republican political victories over the last thirty years have not been a rejection of the New Deal's promises, he demonstrates, but rather a representation of the electorate's desire for their success—which Americans see as fulfilling the vision of the nation's founding. For the good of all citizens and the GOP, he implores Republicans to once again become a party of FDR Conservatives—to rediscover and support the basic elements of FDR (and Reagan's) vision.
