world history shorts answer key: The Perry Expedition and the "Opening of Japan to the West," 1853-1873 Paul Hendrix Clark, 2020-04-01 By the time U.S. Commodore Matthew Perry's squadron of four ships sailed into Tokyo Bay on July 8, 1853, the Japanese Tokugawa government had already fended off similarly unwelcome intrusions by the French, the Russians, the Dutch, and the British. These Western imperialists had the power and the means to force Japan into the kinds of treaties that would effectively spell the end of Japan's autonomy, maybe even its existence as an independent country. At the same moment, Japan was also grappling with a serious insurrection, the death of an emperor, and the death of a shogun—as well as with a series of natural disasters and associated famines. The Japanese response to this incredible series of catastrophes would permanently alter the balance of geopolitical power around the world. Drawing on the best recent scholarship, this short introductory volume examines the motivations and maneuvers of the major participants in the conflict and sets the opening of Japan in the context of broader global history. Selections from twenty-nine primary sources provide firsthand accounts of the event from a variety of perspectives. Several illustrations are also included, along with a note on historiographic interpretation.

world history shorts answer key: *Drive* Daniel H. Pink, 2010-01-21 Forget everything you thought you knew about how to motivate people - at work, at school, at home. It's wrong. As Daniel H. Pink explains in his new and paradigm-shattering book *DRIVE: THE SURPRISING TRUTH ABOUT WHAT MOTIVATES US*, the secret to high performance and satisfaction in today's world is the deeply human need to direct our own lives, to learn and create new things, and to do better by ourselves and our world. Drawing on four decades of scientific research on human motivation, Pink exposes the mismatch between what science knows and what business does - and how that affects every aspect of our lives. He demonstrates that while the old-fashioned carrot-and-stick approach worked successfully in the 20th century, it's precisely the wrong way to motivate people for today's challenges. In *DRIVE*, he reveals the three elements of true motivation: *AUTONOMY* - the desire to direct our own lives; *MASTERY* - the urge to get better and better at something that matters; *PURPOSE* - the yearning to do what we do in the service of something larger than ourselves. Along the way, he takes us to companies that are enlisting new approaches to motivation and introduces us to the scientists and entrepreneurs who are pointing a bold way forward. *DRIVE* is bursting with big ideas - the rare book that will change how you think and transform how you live.

world history shorts answer key: *Empire* Jeremy Paxman, 2011-10-06 From the bestselling author of *The English* comes *Empire*, Jeremy Paxman's history of the British Empire accompanied by a flagship 5-part BBC TV series, for readers of Simon Schama and Andrew Marr. The influence of the British Empire is everywhere, from the very existence of the United Kingdom to the ethnic composition of our cities. It affects everything, from Prime Ministers' decisions to send troops to war to the adventurers we admire. From the sports we think we're good at to the architecture of our buildings; the way we travel to the way we trade; the hopeless losers we will on, and the food we hunger for, the empire is never very far away. In this acute and witty analysis, Jeremy Paxman goes to the very heart of empire. As he describes the selection process for colonial officers ('intended to weed out the cad, the feeble and the too clever') the importance of sport, the sweating domestic life of the colonial officer's wife ('the challenge with cooking meat was to grasp the fleeting moment between toughness and putrefaction when the joint may possibly prove eatable') and the crazed end for General Gordon of Khartoum, Paxman brings brilliantly to life the tragedy and comedy of Empire and reveals its profound and lasting effect on our nation and ourselves. 'Paxman is witty, incisive, acerbic and opinionated . . . In short, he carries the whole thing off with panache bordering on effrontery' Piers Brendon, *Sunday Times* 'Paxman is a magnificent historian, and *Empire* may be remembered as his finest work' *Independent on Sunday* Jeremy Paxman was born in Yorkshire and educated at Cambridge. He is an award-winning journalist who spent ten years reporting from overseas, notably for *Panorama*. He is the author of five books including *The English*. He is the presenter of *Newsnight* and *University Challenge* and has presented BBC documentaries on various subjects including Victorian art and Wilfred Owen.

world history shorts answer key: *Spartan Women* Sarah B. Pomeroy, 2002-07-11 This is the first book-length examination of Spartan women, covering over a thousand years in the history of women from both the elite and lower classes. Classicist Sarah B. Pomeroy comprehensively analyzes

ancient texts and archaeological evidence to construct the world of these elusive though much noticed females. Sparta has always posed a challenge to ancient historians because information about the society is relatively scarce. Most existing scholarship on Sparta concerns the military history of the city and its heavily male-dominated social structure--almost as if there were no women in Sparta. Yet perhaps the most famous of mythic Greek women, Menelaus' wife Helen, the cause of the Trojan War, was herself a Spartan. Written by one of the leading authorities on women in antiquity, *Spartan Women* reconstructs the lives and the world of Sparta's women, including how their status changed over time and how they held on to their surprising autonomy. Proceeding through the archaic, classical, Hellenistic, and Roman periods, *Spartan Women* includes discussions of education, family life, reproduction, religion, and athletics.

world history shorts answer key: *Going Solo* Roald Dahl, 2012-02-02 In *Going Solo*, the world's favourite storyteller, Roald Dahl, tells of life as a fighter pilot in Africa. 'They did not think for one moment that they would find anything but a burnt-out fuselage and a charred skeleton, and they were astounded when they came upon my still-breathing body lying in the sand nearby.' In 1938 Roald Dahl was fresh out of school and bound for his first job in Africa, hoping to find adventure far from home. However, he got far more excitement than he bargained for when the outbreak of the Second World War led him to join the RAF. His account of his experiences in Africa, crashing a plane in the Western Desert, rescue and recovery from his horrific injuries in Alexandria, flying a Hurricane as Greece fell to the Germans, and many other daring deeds, recreates a world as bizarre and unnerving as any he wrote about in his fiction. 'Very nearly as grotesque as his fiction. The same compulsive blend of wide-eyed innocence and fascination with danger and horror' Evening Standard 'A non-stop demonstration of expert raconteurship' The New York Times Book Review Roald Dahl, the brilliant and worldwide acclaimed author of *Charlie and the Chocolate Factory*, *James and the Giant Peach*, *Matilda*, and many more classics for children, also wrote scores of short stories for adults. These delightfully disturbing tales have often been filmed and were most recently the inspiration for the West End play, *Roald Dahl's Twisted Tales* by Jeremy Dyson. Roald Dahl's stories continue to make readers shiver today.

world history shorts answer key: *The Russo-Japanese War in Global Perspective* John Steinberg, 2006-12-01 Like Volume one, Volume two of *The Russo-Japanese War in Global Perspective* examines the Russo-Japanese War in its military, diplomatic, social, political, and cultural context. In this volume East Asian contributors focus on the Asian side of the war to flesh out the assertion that the Russo-Japanese War was, in fact, World War Zero, the first global conflict of the 20th century. The contributors demonstrate that the Russo-Japanese War, largely forgotten in the aftermath of World War I, actually was a precursor to the catastrophe that engulfed the world less than a decade after the signing of the Treaty of Portsmouth. This study also helps us better understand Japan as it emerged at the beginning of its fateful 20th century.

world history shorts answer key: *Reading Lolita in Tehran* Azar Nafisi, 2003-12-30 #1 NEW YORK TIMES BESTSELLER • We all have dreams—things we fantasize about doing and generally never get around to. This is the story of Azar Nafisi's dream and of the nightmare that made it come true. For two years before she left Iran in 1997, Nafisi gathered seven young women at her house every Thursday morning to read and discuss forbidden works of Western literature. They were all former students whom she had taught at university. Some came from conservative and religious families, others were progressive and secular; several had spent time in jail. They were shy and uncomfortable at first, unaccustomed to being asked to speak their minds, but soon they began to open up and to speak more freely, not only about the novels they were reading but also about themselves, their dreams and disappointments. Their stories intertwined with those they were reading—*Pride and Prejudice*, *Washington Square*, *Daisy Miller* and *Lolita*—their *Lolita*, as they imagined her in Tehran. Nafisi's account flashes back to the early days of the revolution, when she first started teaching at the University of Tehran amid the swirl of protests and demonstrations. In those frenetic days, the students took control of the university, expelled faculty members and purged the curriculum. When a radical Islamist in Nafisi's class questioned her decision to teach *The Great Gatsby*, which he saw as an immoral work that preached falsehoods of "the Great Satan," she decided to let him put *Gatsby* on trial and stood as the sole witness for the defense. Azar Nafisi's luminous tale offers a fascinating portrait of the Iran-Iraq war viewed from Tehran and gives us a rare glimpse, from the inside, of women's lives in revolutionary Iran. It is a work of great passion and poetic beauty, written with a startlingly original voice. Praise for *Reading Lolita in Tehran* "Anyone who has ever belonged to a book group must read this book. Azar Nafisi takes us into the vivid lives of eight women who must meet in secret to explore the forbidden fiction of the West. It is at once a celebration of the power of the novel and a cry of outrage at the reality in which these women are trapped. The ayatollahs don't know it, but Nafisi is one of the heroes of the Islamic Republic."—Geraldine Brooks, author of *Nine Parts of Desire*
