white fang questions and answers: The Adventures of White Fang Toni Licastro, 2018-02-06 This is a story that came back to me and that I made up some fifty years ago when I was in high school. I won an award for my story about this animal that was part dog and part wolf. He was pure white and had the body of a husky. His five senses were his extra special features, and they were more acute than a blind man's by almost ten times. He was also graceful and could sneak up on someone like a sniper. He was very, very quiet. His master was the royal Canadian mounted police officer Captain Steven Pole. He loved that animal and named it White Fang. He was part of the RCMP and was a K9 specialist. Both Steve and Fang went out on a lot of assignments as their arrest record was A+. There is only one case not solved, and that is the death of his father while on duty in the Northwest Territories. It was thought there were escaped convicts trying to cross from Canada to USA by way of the Rocky Mountains or the northern lights passage by posing as a mature couple on an adventure. They needed a guide who knew the pass well, and that was Steve's dad, who drew the duty. Fang was very restless all day around Steve. Finally, Steve started to feel something was wrong. His dad was not answering any of his pages or his walkie-talkie. Steve and Fang decided to follow the trail Red gave him. It was not long at all before all three knew something was not right.

And it's simply a must read' Paul Tremblay In upstate New York, within the woods, Dutchman's Creek flows out of the Ashokan Reservoir. Steep-banked and fast-moving, it offers the promise of fine fishing, and of something more, a possibility too fantastic to be true. When Abe and Dan, two widowers who have found solace in each other's company and a shared passion for fishing, hear rumours of the Creek and what might be found there, the remedy to both their losses, they dismiss them. Soon, though, the men find themselves drawn into a tale as deep and old as the Reservoir. It's a tale of dark pacts, of long-buried secrets, and of a mysterious figure known as the Fisherman. It will bring Abe and Dan face to face with all that they have lost, and with the price they must pay to regain it. 'An epic, yet intimate, horror novel. Langan channels M. R. James, Robert E. Howard and Norman Maclean. What you get is A River Runs Through It... straight to hell' Laird Barron More praise for The Fisherman 'Reading this, your mouth fills with worms. I can't say enough good things about the confidence, the patience, the satisfying cumulative power of this book. It was a pleasure to read from the first page to the last' Victor LaValle 'Stories within stories, folk tales becoming modern legends, all spinning into a fisherman's tale about the one he wishes had gotten away. Langan's latest is at turns epic and personal, dense yet compulsively readable, frightening but endearing' Adam Cesare

white fang questions and answers: *Jack London: Novels and Stories (LOA #6)* Jack London, 1982-11-01 This Library of America volume of Jack London's best-known work is filled with thrilling action, an intuitive feeling for animal life, and a sense of justice that often works itself out through violence. London enjoyed phenomenal popularity in his own time (which included the depressions of the 1890s and the beginnings of World War One), and he remains one of the most widely read of all American writers. *The Call of the Wild* (1903), perhaps the best novel ever written about animals, traces a dog's sudden entry into the wild and the education necessary for his survival in the ways of the wolf pack. Like many of London's stories, this one is inspired by the early deprivations of his own pathetically short life: the primitive conditions of life as an oyster pirate in San Francisco; the restless existence of a hobo; the isolation of a prison inmate; the exertion of a laborer in the Oakland slums; and the frustration of a failed prospector for gold in the Alaskan Klondike. *White Fang* (1906), in which a wolf-dog becomes domesticated out of love for a man, is apparently the reverse side of the process found in *The Call of the Wild*, yet for many readers its moments of greatest authenticity

are those which suggest that, in actual practice, civilization is pretty much a dog's life for everyone, of "hunting and being hunted, eating and being eaten, all in blindness and confusion, with violence and disorder, a chaos of gluttony." Though London was a reader of Marx and Nietzsche and an avowed socialist, he doubted that socialism could ever be put into practice and was convinced of the necessity for a brutal individualism. He thought of *The Sea-Wolf* (1904), the story of Wolf Larsen and his crew of outcasts on the lawless Alaskan seas, as "an attack upon the superman philosophy," but the Captain is far more memorable than any of the book's civilized characters. London is an immensely exciting writer partly because the conflicts in his thinking tend to enhance rather than hinder the romantic and thrilling turns of his plots. The stories of the Klondike, which are based on his personal experiences and the stories of California, Mexico, and the South Seas, span the whole of London's career as a writer. He is one of the great storytellers in American literature, and his politics, with all their passion and contradiction, come to life through the vigor and red-blooded energy of his prose. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing, and keeping permanently in print, America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

white fang questions and answers: *Harding's Luck* E. Nesbit, 2012-02-11 Edith Nesbit (1858 - 1924) was an English poet and author. She is perhaps best remembered for her children's literature, publishing more than 60 such books under the name E. Nesbit. She was also a political activist and co-founded the Fabian Society, which had a significant influence on the Labour Party and British politics in general. "Harding's Luck" is the 1909 sequel to Nesbit's 1908 novel "The House of Arden". It tells the story of Dickie Harding, an orphan who must use a crutch due to an injured leg. Despite his father having given him an old toy as a good luck charm, Dickie appears to be very much lacking in the good luck department. However, the discovery of a moon-flower which contains magical seeds throws him into a world of magic, romance, suspense, sacrifice, and triumph over adversity. Many vintage books such as this are becoming increasingly scarce and expensive. It is with this in mind that we are republishing this volume now in an affordable, modern, high-quality edition complete with a specially-commissioned new biography of the author.

white fang questions and answers: *White Fang* Jack London, 2003 Much of White Fang is written from the viewpoint of the titular canine character, enabling London to explore how animals view their world and how they view humans. White Fang examines the violent world of wild animals and the equally violent world of humans. The book also explores complex themes including morality and redemption. The story begins before the three-quarters wolf-dog hybrid is born, with two men and their sled dog team on a journey to deliver a coffin to a remote town named Fort McGurry in the higher area of the Yukon Territory, Canada. The men, Bill and Henry, are stalked by a large pack of starving wolves over the course of several days. Finally, after all of their dogs and Bill have been eaten, four more teams find Henry trying to escape from the wolves; the wolf pack scatters when they hear the large group of people coming.

white fang questions and answers: *Fanged Noumena* Nick Land, 2011-04-01 A dizzying trip through the mind(s) of the provocative and influential thinker Nick Land. During the 1990s British philosopher Nick Land's unique work, variously described as "rabid nihilism," "mad black delezianism," and "cybergothic," developed perhaps the only rigorous and culturally-engaged escape route out of the malaise of "continental philosophy" —a route that was implacably blocked by the academy. However, Land's work has continued to exert an influence, both through the British "speculative realist" philosophers who studied with him, and through the many cultural producers—writers, artists, musicians, filmmakers—who have been invigorated by his uncompromising and abrasive philosophical vision. Beginning with Land's early radical rereadings of Heidegger, Nietzsche, Kant and Bataille, the volume collects together the papers, talks and articles of the mid-90s—long the subject of rumour and vague legend (including some work which has never previously appeared in print)—in which Land developed his futuristic theory-fiction of cybercapitalism gone amok; and ends with his enigmatic later writings in which Ballardian fictions, poetics, cryptography, anthropology, grammatology and the occult are smeared into unrecognisable hybrids. *Fanged Noumena* gives a dizzying perspective on the entire trajectory of this provocative and influential thinker's work, and has introduced his unique voice to a new generation of readers.

white fang questions and answers: *The King of Mazy May* Jack London, 2017-12-09 The

King of Mazy May is a short story by Jack London. John Griffith Jack London (born John Griffith Chaney, January 12, 1876 - November 22, 1916) was an American author, journalist, and social activist. He was a pioneer in the then-burgeoning world of commercial magazine fiction and was one of the first fiction writers to obtain worldwide celebrity and a large fortune from his fiction alone. He is best remembered as the author of *The Call of the Wild* and *White Fang*, both set in the Klondike Gold Rush, as well as the short stories *To Build a Fire*, *An Odyssey of the North*, and *Love of Life*. He also wrote of the South Pacific in such stories as *The Pearls of Parlay* and *The Heathen*, and of the San Francisco Bay area in *The Sea Wolf*. London was a passionate advocate of unionization, socialism, and the rights of workers and wrote several powerful works dealing with these topics such as his dystopian novel *The Iron Heel*, his non-fiction exposé *The People of the Abyss*, and *The War of the Classes*. On July 12, 1897, London (age 21) and his sister's husband Captain Shepard sailed to join the Klondike Gold Rush. This was the setting for some of his first successful stories. London's time in the Klondike, however, was detrimental to his health.

white fang questions and answers: **Dig** A.S. King, 2020-06-30 Winner of the Michael L. Printz Medal □“King’s narrative concerns are racism, patriarchy, colonialism, white privilege, and the ingrained systems that perpetuate them. . . . [Dig] will speak profoundly to a generation of young people who are waking up to the societal sins of the past and working toward a more equitable future.”—Horn Book, starred review “I’ve never understood white people who can’t admit they’re white. I mean, white isn’t just a color. And maybe that’s the problem for them. White is a passport. It’s a ticket.” Five estranged cousins are lost in a maze of their family’s tangled secrets. Their grandparents, former potato farmers Gottfried and Marla Hemmings, managed to trade digging spuds for developing subdivisions and now they sit atop a million-dollar bank account—wealth

they've refused to pass on to their adult children or their five teenage grandchildren. "Because we want them to thrive," Marla always says. But for the Hemmings cousins, "thriving" feels a lot like slowly dying of a poison they started taking the moment they were born. As the rot beneath the surface of the Hemmings' white suburban respectability destroys the family from within, the cousins find their ways back to one another, just in time to uncover the terrible cost of maintaining the family name. With her inimitable surrealism, award winner A.S. King exposes how a toxic culture of polite white supremacy tears a family apart and how one determined generation can dig its way out.

white fang questions and answers: *Slider* Pete Hautman, 2017-09-12 Competitive eating vies with family expectations in a funny, heartfelt novel for middle-grade readers by National Book Award winner Pete Hautman. David can eat an entire sixteen-inch pepperoni pizza in four minutes and thirty-six seconds. Not bad. But he knows he can do better. In fact, he'll have to do better: he's going to compete in the Super Pigorino Bowl, the world's greatest pizza-eating contest, and he has to win it, because he borrowed his mom's credit card and accidentally put \$2,000 on it. So he really needs that prize money. Like, yesterday. As if training to be a competitive eater weren't enough, he's also got to keep an eye on his little brother, Mal (who, if the family believed in labels, would be labeled autistic, but they don't, so they just label him Mal). And don't even get started on the new weirdness going on between his two best friends, Cyn and HeyMan. Master talent Pete Hautman has whipped up a rich narrative shot through with equal parts humor and tenderness, and the result is a middle-grade novel too delicious to put down.
